Will

Regarding Will, one side of the spectrum is Free Will, and another is Divine Will. Basically two points on opposite sides of the same line. Basically closer to Source is Divine Will, and further from Source is Free Will.

Souls are projections of Oversouls, which are projections of Source. Individuality experience begins at Oversoul, and is further defined at Soul. Individuality is even further defined in the human experience of the body/mind.

But the flip side is also true, Oneness/Unity begins at Soul, and is further defined at Oversoul, and even further defined at Source. Free Will is individual will, which is common further from Source, while closer to Source is Divine Will. Free Will is individual choice. Divine Will is collective choice.

As one connects to greater fractals, Free Will merges into Divine Will. Soul equals individual purpose. Oversoul equals collective purpose. The word Soul has to do with an individual color ray of Soular (Solar) light, while Source is the Sun of all rays of light. The individual is given room to explore and choose, but Divine Will is always guiding in the background, that is what the Higher Self is, an aspect of Divine Will that guides in the background.

The Higher Self first is the Soul, then the Oversoul, then Source itself. It depends on the elevated consciousness of the body and mind, upon what fractal can be merged with.
